

CityCube Berlin
23.-25.10.2018

NEW:

Integrated dialog
concept – become
an exhibitor &
partner now!

Welcome to Berlin

The gateway as central industry platform is moving closer to politics in 2018. In focus: Current issues and challenges for the gas and water industry. Over the course of numerous sessions and podium discussions, prominent industry experts in politics and in business will illuminate new developments and opportunities from the German, European and international perspective.

In the convention, trade fair and side events, the focus is on dialogue!

The super modern CityCube and the new dialog concept with different event formats offer excellent networking opportunities for convention attendees, exhibitors and partners. Discuss current strategic, political and technological issues with high-profile industry experts.

We cordially invite you!

Time concept:

➔ **10/23 afternoon:**

Dialog fair & forum,
side events & get-together

➔ **24/10 all day:**

Convention, dialog fair & forum,
DVGW evening

➔ **25/10 all day:**

Convention, dialog fair & forum
